## Children to bring themselves in after the half term break

Dear Parent/Carer

What a fantastic half term we have had so far! We would like to take this opportunity to thank you for all your hard work in terms of helping your child to have such a wonderful start to school and for your participation in our maths and phonics session.

As the children have been coming into school so brilliantly, they will be bringing themselves in after half term. We know many children are already doing this and are impressed with their independence. We are letting you know a few weeks in advance in case you want to give your child the opportunity to practise. Teachers or teaching assistants will still be on the doors to answer any questions or queries you may have.

If you have any questions regarding this, please speak to your class teacher.

Kind Regards,

The Reception Team
